

OPERATOR MANAGEMENT FOR NON-CONNECTED DEVICES

Like many RALS System users, you probably have devices in your POCT program that are not connected or interfaced to your system. **But did you know** that now, you can manage the operators of non-connected devices with your RALS system?

ACTIVE	ID	ROLE	HOME LOCATION	CERTIFICATION EXPIRATION	DEVICE TYPE
✓	50442	Devices Operator	Cath Lab	3/17/2023	AVOXIMET
✓	1254729	Devices Operator	Cath Lab	5/18/2023	AVOXIMET
✓	774105	Devices Operator	Cath Lab	2/22/2023	AVOXIMET
✓	133749	Devices Operator	Cath Lab	4/26/2023	AVOXIMET
✓	94433	Devices Operator	Cath Lab	3/04/2023	AVOXIMET
✓	471335	Devices Operator	Cath Lab	5/27/2023	AVOXIMET
✓	1311096	Devices Operator	Cath Lab	6/15/2023	AVOXIMET
✓	790064	Devices Operator	Cath Lab	1/19/2023	AVOXIMET
✓	140996	Devices Operator	4 West	4/22/2023	DCA VANT
✓	403492	Devices Operator	Mountain View Clinic	3/14/2023	DCA VANT
✓	455660	Devices Operator	Lake Drive Clinic	4/13/2023	DCA VANT
✓	150317	Devices Operator	Lake Drive Clinic	5/11/2023	DCA VANT
✓	821951	Devices Operator	3 South	6/18/2023	DCA VANT
✓	717964	Devices Operator	Mountain View Clinic	3/06/2023	DCA VANT
✓	160723	Devices Operator	Mountain View Clinic	7/09/2023	DCA VANT
✓	1239194	Devices Operator	2 East	4/21/2023	DCA VANT
✓	480131	Devices Operator	Mountain View Clinic	5/26/2023	DCA VANT
✓	494660	Devices Operator	4 West	5/19/2023	DCA VANT
✓	1312924	Devices Operator	Lake Drive Clinic	6/21/2023	DCA VANT

It's true! You can manage certifications, indicate diploma evidence and more - just as if the device module was interfaced to the RALS system. This provides a more complete look at your POCT program and allows you to electronically manage all your operators in one place.

Want to know more? For more on how to activate a non-interfaced device at up to 3 institutions and begin managing the operators assigned to that device, contact your [Informatics Account Manager](#).
